## THE LIBRARY'S RENOVATION

By Maria.M and Chelsea.T

Last Monday, after almost nine years, the library was given a total revamp – resulting in its closure for a week. Teachers are slightly concerned with regards to students completing homework during this process as students have not been able to access the library's facilities. On the positive, the library will be more accessible to pupils and have a new variety of resources. Even the LRC manager agrees:

“It is unfortunate that the LRC is closed, but it is worth it. It is more inviting and it has a splash colour. New books will improve the reading ability for the children that will be coming, especially the year 11's. Also, all the old books will be removed.”

Further updates show that the recent corrupt weather has postponed the LRC revamps, which means the LRC will be finished a week later than expected. Another problem that arose was that the stunning new visuals - Alice in Wonderland themed stickers - were not sticking. What a nightmare! Luckily, on the LRC's side were the understanding Year 7's who have been nothing but supportive during this transition period. Head of Year 7, Mrs Aubin says:

“I think the LRC looks great. The skylight looks amazing.”

She also reinforced our belief that “There was no trouble with The Year 7 students in the LRC at break, after it closed.”

Overall, this renovation will truly be a great addition to the school. Here are some final words from Head Teacher, Mr Randle:

“I think the library is the heart of every school, so is reading. It's bright and inviting, it's also really appealing for the students. The organization of the books is very simple, so it's really easy to find. The LRC is very engaging and it is a magnificent place for people who want to do homework or just to read for pleasure.”
