- After school sessions will be held from **2.55pm – 3.25pm** and **3.30pm – 4.00pm**. The Base will not be available until 3.30pm for any student and use of The Base will be limited for some students.
- It is important that you attend a broad and balanced selection of sessions covering as many subjects as you can and prioritising subjects that you need to improve your grades more in.
- Within the timetable some subjects are on in both sessions. Check with your teacher if they are two identical sessions or covering different content. Some subjects (practical ones) require you to do a full hour in that subject on your chosen day.
- Some of these revision sessions may be subject to change during the course of the next few months.
- If any pupils are removed from lessons due to poor behaviour they will go to The Atrium and remain until 4.00pm with the member of staff on duty.
- Only sessions with a member of staff in a subject area will count in any discounts you receive towards the Prom not those sessions you choose to do in The Base.
